### Life on Life Relationships - "Like Minded"

After recently returning from Central Asia, I have realized now more than ever that we cannot let another season of life go by before we start to take serious the need to "Build Relationships" with "Like Minded" brothers and sisters. "Life on Life" experiences are not just "Acquaintances" but "Trusting Relationships" getting to know each other, sharing "Life on Life", being real and opening up your life. Being transparent can be "Awkward" and a lot of people stop at this point and stay mere "Acquaintances". DON'T stop - persist!! God never said these genuine friendships would be easy...He just told us that it was necessary. If we push through the awkwardness we will find amazing "Trusting Relationships" and "Life Lasting Friendships" on the other side!!

Around the world today there is hate everywhere just because someone doesn't agree with what someone else believes! However, we have to remember that "While we were yet sinners Jesus died for our sins" - NOT after we got it all together!! God displayed HIS LOVE IN ACTION - Should we not DO THE SAME??

We are so proud of our son Ty and his heart and passion to take the Gospel to Haiti and the ends of the earth while aiming to live like Jesus for Jesus daily!! Prior to his most recent trip, he desired that as many Haitians as possible could have "Their very own Bible, God's Word" in their language!! So he went to work with a cheerful and humble spirit, not grudgingly or out of necessity to raise the money to purchase bibles...his original goal was for 10-20 bibles - well in 24 hours he raised enough for 120+ bibles for his Haitian friends!! God has big plans for those 120+ bibles and the souls that have received or will receive His Word!

After 4 long years of hard work and studying, we are so proud to announce that Todd received his Biblical Studies Diploma from Samford University on June 1, 2017! Congratulations Todd on a job well done!!!
